BASL Annual Meeting is the leading Liver meeting in the UK bringing together clinicians, nurses, scientists and those interested in liver disease.

The annual **BLTG Transplant Meeting** integrates the meetings previously organised by each individual transplant centre and offers a platform for those operating in or with a strong interest in the field of liver transplantation.

The **BASL Nurse Forum** will hold their Annual Meeting in parallel on 21st September and will provide a broad range of topics for all nurses working within hepatology.

Key Note Lectures include:

British Liver Trust Lecture; Dame Sheila Sherlock Lecture; The Ralph Wright Lecture; Williams-Calne Lecture; Andy Burroughs Young Investigator Award
