SPEAKER INFORMATION

20th-22nd September 2017

Warwick Arts Centre, Coventry, UK

Dr Charlotte R Grant

My journey into the world of Hepatology has been (and still is) slightly unconventional. After a PhD in Immunology based at the Institute of Liver Studies at King's College London, I decided to study Medicine. My interest in Hepatology grew throughout my time at Warwick Medical School, and I'm thrilled to be back in Warwick for the BASL Annual Meeting. I'm currently undertaking my foundation training at the Royal Free Hospital on an academic hepatobiliary and pancreatic surgery programme.
