

SPEAKER INFORMATION
19th-20th September 2017
Warwick Arts Centre, Coventry, UK

Amanda Smith

Amanda Smith graduated from Nottingham University, and subsequently trained in Leeds and Derby gaining a postgraduate diploma in clinical pharmacy, before joining Aston University as a teacher practitioner. She has been the lead liver pharmacist at University Hospitals Birmingham since 2002, and is an active member of the UK & Eire Liver Transplant Pharmacists' Group. Her clinical interests include patient medication adherence, patient information, drug interactions in transplantation, and normothermic machine perfusion.
